6. [] After consulting the Director, confirmed with Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, the Director's appearance before the full Armed Services Committee at 10 a.m. on Tuesday, 8 February.

Slatinshek said that Budget Director Shultz would be meeting with the Nedzi Subcommittee in the near future to discuss the reorganization of the intelligence community, and suggested the Director might want to confer with Shultz regarding their respective briefings on this subject.

Slatinshek also raised the question of a copy of the Director's prepared statement for each member of the Committee. I said we could not provide this. He asked how we had handled the matter with the Senate and I said we were leaving a single copy with Braswell to be retained in his possession for the reference of committee members. Slatinshek said they would like similar arrangements.

8. [] Talked to Miss Christine Orth, House Select Subcommittee on Education staff, and told her that tentative approval has been granted for the release of the film "Mission to Yunnan" that was requested through her office by the British Broadcasting Company. I told her that there would be some minor limitations on the film but they could be worked out directly with BBC and suggested that the BBC representative call Mr. Angus Thuermer, Assistant to the Director, to make final arrangements for release of the film. Miss Orth was very appreciative. See Journal of 28 January 1972.

25X1 6. [] Talked with Messrs. Ralph Hutto and Cecil Presson, on the staff of the Senate Internal Security Subcommittee, about corrections in the bibliography of Soviet publications. Arrangements have been made for the staff to provide us with a set of revised page proofs of the publication when they are received from GPO.

25X1 7. [] Talked with Bob Dunphy, Sergeant at Arms of the Senate, about an article which appeared in the press some time ago to the effect that Senator Everett Jordan (D., N.C.) had asked Dunphy to investigate a report by Jack Anderson that Senate hearing rooms had been wired so that officials of Government agencies could listen to the proceedings from their offices. Dunphy said he talked with Anderson about this and learned he was referring to a perfectly open VOA system for transmitting information on activities in the Congress. Dunphy added Senator Jordan had been completely satisfied with Dunphy's investigation into the matter. I alluded to security procedures which we follow in the Director's briefings of congressional committees on the Hill and told Dunphy that if at any time he should want further information about this I would be happy to discuss it with him further. Dunphy thanked me for the offer and said if the need ever arose he would not hesitate to call me.

25X1 8. [] In response to his request of yesterday, I provided C. B. Morrison, on the staff of Senator Allen Ellender (D., La.), figures prepared by OSR on the number of civilians (roughly one million) working for the Soviet Defense Ministry. Morrison thanked me for this information and commented that he had been concerned about some statements the Chairman has been making on the sizes of U.S. and Soviet defense establishments and wanted to double check the figures.

25X1 9. [] Received a call from Miss Pat Muncy, in the office of Representative Robert H. Mollohan (D., W. Va.), who requested an employment interview for [] After checking with [] Office of Personnel, I advised Miss Muncy that an appointment has been scheduled for Thursday, 27 January at 3:00.

11. (Internal Use Only - LLM) In the company of Mr. Maury, met with Senator Jacob Javits (R., N. Y.), and his assistant, Eugene Mittelman (General Counsel of the Majority Staff), concerning S. 2515, Equal Employment Opportunities Enforcement Act. See Memorandum for the Record for details.

12. (Internal Use Only - LLM) Met with Robert Vagley, Director of the General Subcommittee on Labor, House Education and Labor Committee, and told him that the changes that would be in S. 2515, Equal Employment Opportunities Enforcement Act, that Senator Javits would support may fall short of our needs. Vagley felt that if this proves to be the case the House conferees would support whatever we needed and mentioned Representative John Erlenborn (R., Ill.) as being a key Member in this connection. Vagley offered to set up a meeting with Erlenborn's aides so that we could lay out our position and agreed that the matter must be handled with care in view of the developments that have already taken place on the Senate side.

5. (Internal Use Only - LLM) In anticipation of a meeting between Senator Jacob Javits (R., N. Y.), Mr. Maury and myself on S. 2515, Equal Employment Opportunities Enforcement Act, met with Mr. Eugene Mittelman, General Counsel of the Minority Staff, Senate Labor and Public Welfare Committee, who, I understand, advises Javits on these matters. I informed him of our meeting with Senator Peter Dominick (R., Colo.) and reviewed the proposed amendment with him. Mittelman sees our principal problem stemming from the fact that we are currently subject to Executive Order 11478 and its appeal procedures, and the pros and cons of this situation were discussed with inconclusive results. We also discussed several suggestions that Mittelman had for language less sweeping than our proposed amendment, and he said he would like to review the matter further with Irving Kator, Civil Service Commission. Mittelman said that it might be better to push for any change in conference rather than on the Senate floor and I told him of our preparation of this eventuality with Robert Vagley, Director of the Labor Subcommittee, House Education and Labor Committee, and Mittelman said he would contact him. I pointed out a deficiency in the bill which did not affect us and Mittelman was thankful that we called it to his attention.

6. (Internal Use Only - LLM) Called Bob Vagley, Director of the Labor Subcommittee, House Education and Labor Committee, to inform him of the Senate Labor and Public Welfare Committee's reaction to our position with respect to Section 717 of S. 2515, Equal Employment Opportunities Enforcement Act, and the possibility that the appropriate changes would not be taken up on the Senate floor but would be worked out in conference committee, confirming what he had told me on 17 November. Vagley said he was sure we could count on support for our position from Representative John Dent (D, Pa.), and it was agreed that we would get together early next week to review language.

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 12 January 1972

25X1 1. [] Met with Charles Lombard, Minority Staff Director of Senate Space Committee, and gave him the briefings for granting him compartmented clearances. Lombard then executed the appropriate security agreements.

25X1 2. [] Met with David Martin, Senate Internal Security Subcommittee staff, and provided him unclassified material in response to his request for speeches by Grechko and other Soviet leaders on various aspects of Soviet policy. See Journal of 7 January 1972.

I also left with Martin several items on use of Soviet intelligence agents in the UN and UNESCO in response to a request from CI Staff that this material be placed in the Congressional Record. Martin said he would look over these items and let me know whether they could be placed in the Record.

25X1 3. [] Ted Kazy, Senior Staff Assistant, House Post Office and Civil Service Committee, called to report that he had now reviewed H. R. 7130, Fair Labor Standards Act Amendments of 1971, and has concluded that it does indeed pose a number of substantial problems. He learned from staff members of the Education and Labor Committee that formal clearance from the Civil Service Commission has been obtained. Kazy said that Representative H. R. Gross (R., Iowa), the Ranking Minority Member of the full Committee, is initiating action concerning the problems presented by the reported out bill, not the least of which is conflict in committee jurisdiction. He thanked us for calling the matter to his attention and said he would keep us advised.
